

Core Services

Through Core services PMC is able to provide community based services including individual/family counseling, group counseling/skills training, CSI, psychiatric services, assessment treatment planning and psychological evaluation.

Core services are provided through a level of intensity based on the need of each consumer which is determined through the assessment process. Services are available to consumers 24 hours per day, 7 days per week and are aimed at providing consumers and families with the necessary resources to establish a level of healthy functioning in the community.

Child and Adolescent services are available to consumers between the ages of 5-17. Adult core services are available to consumers who have active Medicaid insurance.
